

INFORMATION

English version

Below you will find some important information and modifications to the invitation to tender for the event:

Driveway:

At the time of the event, the Schleusinger Straße exit to the Suhl Friedberg industrial estate and thus to the Shooting Center Suhl (direction of the A73 motorway towards Suhl) will be fully closed due to bridge work. Coming from the A73 motorway, the Shooting Center Suhl can only be reached via a diversion. The exit from Suhl in the direction of the A73 motorway is not affected. Please allow extra time for your journey. A diversion is signposted.

Further information can be found on our website: www.tsbev.de.

Accreditation and starting authorisation:

We do not issue personal accreditation cards for the event. However, each participant will receive a start card and a personal back badge, which must be worn during the competitions.

To check the starting authorisation, the start card must be presented at all starts in conjunction with a photo ID.

Schedule:

We have attached an up-to-date time schedule to this letter. You can also find it on our website at www.tsbev.de/masters.

Training:

We have incorporated the training times into the timetable. You can now register for training by e-mail or on site depending on availability.

The training fee (5.00 euros/hour) must be paid on site before the training session.
